#### Report on activities of the Board of Directors

#### Overview

The Sub-Fund aims to provide long-term capital growth through a global, flexible and dynamic balanced portfolio. The portfolio management is based on a strategically guided asset allocation model designed to identify the primary trends and relative risks among the three traditional asset classes: equities, bonds and cash. By combining multiple indicators, the model generates a summary strategic allocation between these three asset classes.

#### 2024 Event(s)

As per Flab Fund Satellite sub-fund 2024 liquidation, the history and portfolio details are not listed here.

#### Global context of the developed strategy in 2024

**World Equity Markets:** Equity markets in 2024 reflected the interplay of macroeconomic uncertainties, geopolitical tensions, and sector-specific developments. The year began with a continuation of 2023's recovery momentum but faced headwinds as inflation persisted in major economies. Developed markets, particularly in the U.S. and Europe, finally posted very good performances as central banks started easing monetary policies. Technology (mainly through Magnificent 7 superb outperformance) and green energy stocks outperformed, driven by innovations and policy support for decarbonization, while traditional sectors like manufacturing faced margin pressures.

Emerging markets experienced uneven growth. While Latin America benefitted from high commodity prices and improved political stability, Asia saw a slowdown due to weaker-than-expected demand from China and the effects of tighter monetary policy in India and Southeast Asia.

**Government Bonds:** Government bond markets were influenced by the ongoing recalibration of monetary policies. Yields on U.S. Treasuries remained elevated, with the 10-year yield oscillating between 4.5% and 5.0%, as the Federal Reserve maintained a restrictive stance to combat core inflation. In Europe, a divergence emerged as peripheral nations experienced rising yields due to fiscal concerns, while German Bunds remained relatively stable, reflecting safe-haven demand.

Emerging market bonds saw a surge in investor interest, driven by improved risk sentiment and higher relative yields. However, the strength of the U.S. dollar tempered gains in some regions.

**Interest Rates:** Central banks worldwide faced a delicate balancing act in 2024. The Federal Reserve kept the federal funds rate in a range of 5.25%-5.50% for most of the year, signaling its commitment to bringing inflation closer to its 2% target. The European Central Bank raised rates moderately in the first half of the year but shifted to a more cautious stance amid weaker economic growth.

**Currencies:** Currency markets were marked by the U.S. dollar's resilience, which remained strong against most major currencies due to the interest rate differential and robust U.S. economic data. The euro weakened, reflecting growth concerns and political instability in key member states.

**Inflation:** Inflation continued to dominate economic discussions in 2024. While headline inflation moderated in most advanced economies, core inflation remained sticky, particularly in services. Energy prices rebounded mid-year, driven by geopolitical disruptions in the Middle East and supply cuts by OPEC+, further complicating inflation trajectories.

**Global Growth:** Global growth in 2024 was subdued, estimated at 2.7%, below the historical average. Advanced economies grew at a tepid pace of 1.5%, with the eurozone and the U.K. narrowly avoiding recessions. The U.S. remained a bright spot, with growth driven by resilient consumer spending and investments in infrastructure.

Emerging markets grew faster at 4.1%, but the pace was constrained by weak external demand and tighter financial conditions. China's growth slowed to 4.2%, reflecting structural challenges and sluggish property markets.

#### Report on activities of the Board of Directors (continued)

**Conclusion:** The financial markets in 2024 underscored the complexity of navigating a world marked by inflationary pressures, geopolitical uncertainties, and uneven growth patterns. Equity markets provided selective opportunities, while fixed-income investors benefitted from elevated yields. Currency and commodity markets remained volatile, reflecting broader macroeconomic shifts. A disciplined, diversified approach to asset allocation was crucial for navigating these dynamics and delivering value to clients.

#### Independent auditor's report

To the Shareholders of fLAB fUNDS Sicav Luxembourg

#### Opinion

We have audited the financial statements of fLAB fUNDS Sicav (the "Fund") and of each of its sub-funds, which comprise the statement of net assets and the statement of investments and other net assets as at 31st December 2024, and the statement of operations and other changes in net assets for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund and of each of its sub-funds as at 31st December 2024, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

#### **Basis for Opinion**

We conducted our audit in accordance with the Law of 23rd July 2016 on the audit profession (the "Law of 23rd July 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" ("CSSF"). Our responsibilities under the Law of 23rd July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "responsibilities of the "réviseur d'entreprises agréé" for the audit of the financial statements" section of our report. We are also independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our report of the "réviseur d'entreprises agréé" thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

# Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

# Responsibilities of the "réviseur d'entreprises agréé" for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the "réviseur d'entreprises agréé" that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23rd July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23rd July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
  error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
  sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
  misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
  collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
  are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund.

- Conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "réviseur d'entreprises agréé" to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "réviseur d'entreprises agréé". However, future events or conditions may cause the Fund or any of its sub-funds (except for the sub-fund where a decision or an intention to close exists) to cease to continue as a going concern.
- In respect of the sub-fund where a decision or an intention to close exists, we conclude on the
  appropriateness of the Board of Directors of the Fund's use of the non-going concern basis of accounting.
  We also evaluate the adequacy of the disclosures describing the non-going basis of accounting and
  reasons for its use. Our conclusions are based on the audit evidence obtained up to the date of our report
  of the "réviseur d'entreprises agréé".
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### Notes to the financial statements

as at 31st December 2024

#### Note 1: General information

fLAB fUNDS Sicav (the "Fund") is an open-ended collective investment company ("société d'investissement à capital variable"), established in accordance with Part I of the amended Law of 17th December 2010 relating to Undertakings for Collective Investment and to the Council Directive 2009/65/EC, as amended, with an "umbrella" structure comprising different Sub-Funds. The Fund has been incorporated in Luxembourg on 25th September 2012 pursuant to the law of 13th February 2007 as amended on specialized investment Funds.

The Fund is now established as a UCITS in accordance with the provisions of part I of the 2010 Law.

Copies of the Articles of Incorporation of the Fund, the current Prospectus and the latest financial reports may be obtained free of charge during normal office hours at the registered office of the Fund in Luxembourg.

#### Note 2: Significant accounting policies

a) Presentation of the financial statements

The financial statements of the Fund are prepared in accordance with the Luxembourg legal and regulatory requirements concerning Undertakings for Collective Investment and with generally accepted accounting principles in Luxembourg.

The financial statements of the fLAB CORE Sub-Fund have been prepared on a going concern basis.

The financial statements of the fLAB SATELLITE Sub-Fund have been prepared on a non-going concern basis as it was liquidated on 15th October 2024. For this Sub-Fund, the significant accounting principles set out below have been applied consistently with the exception that the carrying values of the remaining assets as at 31st December 2024 are presented at their estimated net realizable values and all liabilities are presented at their estimated settlement amounts.

- b) Valuation of the assets and financial derivative instruments
  - The value of any cash on hand or receivable or on deposit, discount notes, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received, is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as the Board of Directors of the Fund may consider appropriate in such case to reflect the true value thereof.
  - 2) The value of all assets listed or dealt in on a stock exchange or on a regulated market, which operates regularly and is recognized and open to the public, is based on the last available closing price known at the Valuation Day.
  - 3) In the event that no prices are available for the valuation of any assets at the Valuation Day or if the closing price as determined pursuant to sub-paragraph 2) does not truly reflect the fair market value of the relevant assets or if the securities are not listed on a stock exchange, the valuation of such assets will be based on the reasonably foreseeable sales price determined prudently and in good faith by the Board of Directors of the Fund.
  - 4) The units or shares of UCIs, either listed or not, are valued at their last determined and available net asset value or at an estimated price, if the latter is more recent than the official net asset value, provided however that the Board of Directors of the Fund is sure that its valuation method is coherent to the valuation method for determining the official net asset value.

#### Notes to the financial statements (continued)

as at 31st December 2024

5) The financial derivative instruments dealt over-the-counter are valued according to valuation methods determined by the Board of Directors of the Fund.

#### c) Acquisition cost of securities in the portfolio

The acquisition cost of the securities held by each Sub-Fund that are denominated in currencies other than the reference currency of the Sub-Fund is converted into this currency at the exchange rate prevailing on the date of purchase.

#### d) Net realised gain/(loss) on securities portfolio

The realised gains and losses on securities portfolio are calculated on the basis of the average acquisition cost and are disclosed net in the statement of operations and other changes in net assets.

#### e) Investment portfolio income

Dividend income is recorded at the ex-date, net of any withholding tax.

Interest income is accrued on a pro rata temporis basis, net of any withholding tax

#### f) Valuation of forward foreign exchange contracts

Open forward foreign exchange contracts are valued at forward market rates for the remaining period from valuation date to the maturity of the contracts. Realised gains and losses on forward foreign exchange contracts correspond to the difference between the value of the contract at the time its opening and its closing value. Net unrealised gains or losses of open contracts are disclosed in the statement of net assets. Net variation of unrealised gains or losses and net realised gains or losses are disclosed in the statement of operations and other changes in net assets.

#### g) Valuation of futures contracts

Open futures contracts are valued at the last settlement or close price on the stock exchanges or regulated markets. Realised gains and losses on futures contracts are determined using the FIFO (First In, First Out) method. Net unrealised gains or losses of open contracts are disclosed in the statement of net assets. Net variation of unrealised gains or losses and net realised gains or losses are disclosed in the statement of operations and other changes in net assets.

#### h) Formation expenses

The formation expenses were amortised on a straight line basis over a period of five years.

If the launch of a Sub-Fund occurs after the launch date of the Fund, the formation expenses related to the launch of the new Sub-Fund is charged to such Sub-Fund alone and may be amortised over a maximum of five years with effect as from the Sub-Fund's launch date.

#### i) Conversion of foreign currencies

Cash at banks, other net assets, liabilities and the market value of the securities in portfolio expressed in currencies other than the reference currency of the Sub-Fund are converted into this currency at the exchange rate prevailing on the date of the financial statements. Income and expenses expressed in currencies other than the reference currency of the Sub-Fund are converted into this currency at the exchange rate prevailing on the date of the transaction. Net realised gains or losses on foreign exchange are disclosed in the statement of operations and other changes in net assets.

#### Notes to the financial statements (continued)

as at 31st December 2024

At the date of the financial statements, the exchange rates are the following:

| 1 | EUR | = | 1.4894688   | CAD | Canadian Dollar |

#### i) Combined financial statements

The combined financial statements of the Fund are expressed in EUR and are equal to the sum of the corresponding items in the financial statements of each Sub-Fund.

#### k) Transaction fees

Transaction costs disclosed under the item "Transaction fees" in the expenses of the statement of operations and other changes in net assets are mainly composed of broker fees incurred by the Fund and of fees relating to transactions paid to the depositary as well as of transaction fees on financial instruments.

#### Other receivables / Other liabilities

The items "Other receivables" / "Other liabilities" disclosed in the statement of net assets include margin accounts on futures contracts reflecting to daily value variations.

#### m) Other liquid assets

The item "Other liquid assets" disclosed in the statement of net assets is mainly composed of treasury accounts held by the Fund with the counterparties of the financial instruments and derivatives.

#### Note 3: Management and Performance fees

The Management Fee will remunerate the Investment Manager(s) and, if applicable, the Investment Advisor(s), the Fund's distributors, or any other financial intermediaries involved in the distribution, placement and marketing of the Shares, unless otherwise described in the Appendix II of the prospectus.

The Board of Directors has appointed ALTUM MANAGEMENT COMPANY (LUXEMBOURG) S.A. (formerly LINK FUND SOLUTIONS (LUXEMBOURG) S.A.) as the Management Company to be responsible on a day-to-day basis for providing investment management services in respect of all Sub-Funds.

For its Core Services, the Management Company receives from the Fund, a remuneration calculated on the value of the average net assets of the relevant Sub-Funds during the relevant month and payable monthly (the "Management Company Fee"), as below described:

**fLAB CORE** - 0.065% up to EUR 100 Mio with a monthly minimum of EUR 2,000

per month

- 0.05% over EUR 100 Mio (by portion)

**fLAB SATELLITE** - 0.05% with a minimum of EUR 1,750 per month \*

(liquidated on 15th October 2024)

The Management Company is entitled to receive from the Fund a Management Company fee for each Sub-Fund.

<sup>\*</sup> The minimum will amount to EUR 1,500 for the first six (6) months period starting from the Effective

#### Notes to the financial statements (continued)

as at 31st December 2024

The Management Company will also receive a domiciliation fee of EUR 5'000 per annum for the Fund and additional EUR 1'000 per Sub-Fund.

The Fund remunerates PURE CAPITAL S.A., the Investment Manager, out of the Management fee.

The Management fees are payable monthly and are calculated on the average net assets of each Sub-Fund for the relevant month. The annual rates applicable for each Sub-Fund are:

| Sub-Fund  | Class name   | Fee rate in %                |

In respect of a Sub-Fund's investments in UCITS and other UCIs linked to the Fund, the Management fee (excluding any performance fee, if any) charged to such Sub-Fund and each of the UCITS or other UCIs concerned shall not exceed 3% of the relevant net assets under management.

The Investment Manager is also entitled to receive the following Performance Fee for the Sub-Fund fLAB CORE and fLAB SATELLITE (liquidated on 15th October 2024):

As long as the NAV before Performance Fee is higher than the High Watermark ("HWM"), the Performance Fee amounts to 5% of the return for Class A and CL, 10% for Class B, 7.5% for Classes C, H and K for fLAB CORE only. If the NAV at the end of the reference period (Fiscal year) does not exceed the HWM (NAV at launch or the last NAV at fiscal year-end when a Performance Fee was due), there isn't any Performance Fee to pay and the reference period is extended. On each Valuation Day, an accrual of Performance Fee is made when appropriate.

The Performance Fee is calculated taking into account movements on the capital and applying the Crystallization Principle so that the Performance Fee is calculated on the basis of the Net Asset Value after deduction of all expenses, liabilities, and Management fees (but not Performance Fee), and is adjusted to take account of all subscriptions and redemptions. If Shares are redeemed on any day before the last day of the period for which a Performance Fee is calculated, while provision has been made for Performance Fee, the Performance fees for which provision has been made and which are attributable to the Shares redeemed will be paid at the end of the period even if provision for Performance fees is no longer made at that date.

The Performance Fee, if any, is paid after the end of each fiscal year (within 1 month) on the value of Net Asset Value according to the calculation performed for the last Net Asset Value of the reference period.

#### Notes to the financial statements (continued)

as at 31st December 2024

Each investor should be aware that the Performance Fee is calculated on the performance of the specific Share Class, which may differ from the performance of their position, especially when the dates of their subscriptions and redemptions are different from the reference dates the Performance Fee is calculated on (fiscal year end).

At the date of the financial statements, the Performance fees were recorded for the following Sub-Funds and amounted to :

#### 1 - Risk management

As required by Circular CSSF 11/512 as amended, the Board of Directors of the Fund needs to determine the global risk exposure of the Fund by applying either the commitment approach or the VaR ("Value at Risk") approach.

In terms of risk management, the Board of Directors of the Fund decided to adopt the commitment approach as a method of determining the global exposure.

#### 2 - Remuneration of the Identified Staff and Supervisory body of the Management Company

Altum Management Company (Luxembourg) S.A. ("the Company"), complying with its obligations, in the area of remuneration as a Management Company authorised under Chapter 15 of the Law of 17th December 2010 relating to Undertakings for Collective Investment (UCITs), as amended (the "Law of 2010") and as an Alternative Investment Fund Manager ("AIFM") authorised under the law of 12th July 2013 relating to Alternative Investment Fund Managers, as amended (the "AIFM Law"), has established and applies a Remuneration Policy and practices that are consistent with, and promote, sound and effective risk management and that never encourage risk taking which is inconsistent with the risk profiles, rules or articles of incorporation of the Funds it manages.

The Remuneration Policy aims to ensure that the remuneration framework is in line with the applicable laws and regulations, and more specifically with provisions defined under:

- (1) the Luxembourg Law of 17th December 2010 on Undertakings for Collective Investment in Transferable Securities as amended from time to time (the "UCITS Law") transposing the UCITS Directive 2009/65/EC (the "UCITS Directive") as amended by Directive 2014/91/EU (the "UCITS V Directive");
- (2) the Commission Delegated Regulation 2017/565/EC of 25th April 2016 supplementing Directive 2014/65/EU (MiFID II Level 2);
- (3) the ESMA's guidelines on sound remuneration policies under the UCITS Directive ESMA/2016/575 and ESMA's guidelines on sound remuneration policies under the AIFMD ESMA/2016/579 both published on 14th October 2016;
- (4) the Alternative Investment Fund Managers Directive ("AIFMD") 2011/61/EU, transposed into the Luxembourg AIFM Law dated from 12th July 2013, as amended from time to time;
- (5) the Directive 2014/65/EU on markets in financial instruments (MiFID II);
- (6) the CSSF Circular 10/437 on Guidelines concerning the remuneration policies in the financial sector issued on 1st February 2010;
- (7) the CSSF Circular 14/585, transposing the ESMA Guidelines 2013/606 on remuneration policies and practices (MiFID ESMA Guidelines).

#### Application of the requirements and remuneration disclosure

In accordance with the Article 151 of the UCITS Law and Article 20 of the AIFM Law, the Company is required to disclose at least annually certain information concerning its remuneration policy and the practices for its Identified Staff.

The Company complies with the UCITS Directive/AIFMD principles in a way and to the extent that is appropriate to its size, internal organization and the nature, scope and complexity of its activities.

Considering the total size of funds under management, both UCITS and AIFs although a significant portion is not complex or risky investment, the Company judges that the proportionality principle may not be applicable at the level of the company but at the level of the Identified Staff.

#### Remuneration of delegates staff

Pure Capital S.A. (the "Delegated Investment Manager" or the "Firm") has established remuneration policies and practices that promote effective risk management in the long-term interests of the Firm and its clients, ensure alignment of the interests of individuals with those of the Firm and its clients, support positive behaviours, healthy firm culture and discourage behaviours that can lead to misconduct and poor customer outcomes. Decisions regarding remuneration are overseen by the Remuneration Committee, which comprises the CEO and the Chair of the Firm. The Remuneration Committee directly oversees remuneration policies and practices, ensuring alignment between risk and individual reward, avoiding conflicts of interest and fostering a culture that supports long-term sustainability. The Remuneration Committee also oversees the remuneration of senior management functions (including officers in risk management and compliance functions) to prevent any conflicts of interest and ensure that the method for calculating their remuneration is fair and proportionate to their individual role. Remuneration for personnel usually consists of fixed compensation and, in some cases, performancerelated variable compensation. A balance between fixed and variable components of remuneration is maintained at all times, so that the remuneration structure does not favour the interests of the Firm or its personnel against the interests of any client. Variable pay is determined based on evaluation of financial performance, affordability, individual performance and the Firm's capital strength. When assessing individual performance, financial as well as non-financial criteria are taken into account, including effective risk management, compliance with regulations and appropriate conduct in line with the Firm's values.

#### Additional information (unaudited) (continued)

as at 31st December 2024

For the year ended 31st December 2024, the aggregate total remuneration paid by Pure Capital S.A. as delegated Investment Manager to its Identified Staffs in relation to the Fund amounted to EUR 6,726,281.44, of which EUR 1,466,349.90 represented the variable remuneration (31 beneficiaries).

# 3 - Information concerning the transparency of securities financing transactions and of reuse of cash collateral (regulation EU 2015/2365, hereafter "SFTR")

During the reporting period, the Fund did not engage in transactions which are subject to the publication requirements of SFTR. Accordingly, no Information concerning the transparency of securities financing transactions and of reuse of cash collateral should be reported.

#### 4 - Sustainability-related disclosures

In accordance with the requirements of the Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability-related disclosures in the financial services sector (the "SFDR") as amended and as complemented by regulatory technical standards (RTS), it is noted that:

# Environmental and/or social characteristics

| Did this financial product have a sustainable investment objective?  |  |  |  |  |  |
|--|--|--|--|--|--|
| • • Yes  | • No   |  |  |  |  |
| It made sustainable investments with an environmental objective:%  in economic activities that qualify as environmentally sustainable under the EU Taxonomy  in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy | It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of% of sustainable investments  with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy  with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy  with a social objective |  |  |  |  |
| It made sustainable investments with a social objective:%  | It promoted E/S characteristics, but did not make any sustainable investments  |  |  |  |  |

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The EU Taxonomy is a classification system laid down in Regulation (EU) 2020/852, establishing a list of environmentally sustainable economic activities.

That Regulation does not lay down a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The Sub-Fund promotes environmental and social characteristics by applying an ESG scrutiny to part of its portfolio, composed of three classes of assets: equity, bonds and cash.

The environmental and social characteristics promoted by the Sub-Fund relies on a selective approach regarding the investee companies, issuing equity or bonds.

Sustainability indicators measure how the environmental or social characteristics promoted by the financial product are attained.

Exclusion filters were applied to the portfolio construction process to restrict investments in companies and issuers with significant exposure to certain activities deemed to be detrimental to the environment or the society at large.

In addition, the Investment Manager used the ESG scoring generated from the S&P Corporate Sustainability Assessment ("S&P SCA") to select the companies in which the Sub-Fund invests ensuring that only securities issued by entities that meet the minimum required ESG score for the Sub-Fund are eligible for inclusion. Regarding the bonds investment, MSCI ESG Government Ratings were used to ensure the promotion of environmental and social characteristics by the underlying investments.

The EU Taxonomy sets out a "do not significant harm" principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy

The "do no significant harm" principle applies only to those investments underlying the financial product that take into account the Union criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the Union criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

<sup>&</sup>lt;sup>1</sup> Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change ("climate change mitigation") and do not significantly harm any EU Taxonomy objective – see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds\*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.

\*For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures
